

ACTIVITY CARD OF NURSE ANAESTHETIST IN ANAESTHETIC ENVIRONMENT

Operating suite:		Operation room:		Date:
Patient's data: Surname: _____ Ward: _____ Resident Id. No. (PESEL): _____ Weight: _____ For children under one year of age, please provide mother's Resident Id. No. (PESEL) or ID document number: _____		Procedure mode: planned ☐ urgent ☐ Kind of procedure: _____ Patient's position: _____ Working time of nurse anaesthetist: Preparation time of the anaesthetic environment: _____ Time of taking over the patient: _____ Time of procedure: _____ Time of transferring the patient: _____ Cleaning time of the position: _____		NURSE'S DATA (stamp) Surname: _____ First name: _____ Licence to practice a profession: _____ Anaesthesiologist: _____ Exposure to: Hepatitis ☐ HIV ☐ TRAUMA ☐ BLEEDING ☐
Preparation of the Anaesthetic Environment (according to standards)				
1. Anaesthesia apparatus control – working apparatus: YES ☐ NO ☐		1. Identification of the patient ☐ confirmed type of the procedure ☐		
2. Preparation of the monitoring apparatus – working: YES ☐ NO ☐		2. Written consent to the operation YES ☐ NO ☐		
3. Preparation of the set for intubation – working: YES ☐ NO ☐		3. Written consent to the anaesthesia YES ☐ NO ☐		
4. Preparation for mounting the vascular device: peripheral ☐ central ☐ arterial ☐		4. <i>Preliminary assessment of the patient:</i> - Grace period for food YES ☐ NO ☐ - Difficulties in communication YES ☐ NO ☐ - Difficulties in moving/pain YES ☐ NO ☐ - Visible injuries of the skin YES ☐ NO ☐ - Infectious diseases YES ☐ NO ☐ - Allergies YES ☐ NO ☐ - State of consciousness: Oriented ☐ Disoriented ☐ Unconscious ☐ Sleeping ☐		
5. Preparation of anaesthetics ☐				
6. Preparation of the set for peripheral anaesthesia: Extradural ☐ Subarachnoid ☐ Blockade of nerves ☐				
7. Control of resuscitation, medicines and additional devices ☐				
REMARKS				
8. System of heating the patient YES ☐ NO ☐		5. Prosthesis YES ☐ NO ☐		

ACTIVITY CARD OF NURSE ANAESTHETIST IN ANAESTHETIC ENVIRONMENT

9. System of heating liquids and blood	YES ☐	NO ☐	6. Jewellery	YES ☐	NO ☐
10. Disinfection liquids	YES ☐	NO ☐	7. Other		
Course of anaesthesia:					
1. Assistance acc. to the standard:					
Kind of anaesthesia	Protection of respiratory tract	Vascular access			
Overall ☐	Intratracheal intubation ☐	Central ☐			
Peripheral ☐	Laryngeal mask ☐	Arterial ☐			
Intravenous ☐	Difficult respiratory tract ☐				
2. Performed procedures and activities:					
Peripheral insertion of a needle ☐	Liquid transfusion ☐				
Administering medicines ☐	Transfusion of blood and preparations ☐				
Temperature measurement ☐	Stomach tube ☐				
Additional medicines ☐	Bladder catheterisation ☐				
Balance of liquids ☐	Passive oxygen therapy ☐				
Collecting blood for testing ☐	other ☐				
3. Monitoring:					
Basic ☐	Extended ☐	Change of a nurse during anaesthesia (surname, time)			
4. Nursing procedures:					
Toilet of bronchial tree ☐	Toilet of oral cavity ☐	Devices			
Nursing of intubation pipe ☐	Nursing of tracheostomy tube ☐	Cleaning of the anaesthetic environment			
Heating of the patient ☐	Protection of eyes ☐	Disinfection of the device ☐			
	Facilities ☐	Disinfection of the anaesthetic environment ☐			
5. Course of anaesthesia: no complications ☐					
Undesirable events:					
Signature of the nurse starting anaesthesia:					
Signature of the nurse finishing anaesthesia:
